Hi Beth –

Thank you for setting this up. I am coming into this discussion/process midway and may be missing some pieces, but my understanding is that there was a PQZ briefing for the AA on this topic last Fall (attached). Do you know if/how this OD briefing would differ?

Happy to chat if that's easier – thanks,

Marietta asked our BCs to work on setting up a briefing for Ed on the potential for PFAS concerns, as related to new the proposed new uses for PQZ and Broflanilide. We'd like to get the teams together to discuss the presentation and determine next steps. Below is a brief outline of what Marietta is hoping to address in the presentation.
